

# Lugs and Accessories for Rail

nVent is proud to announce the expansion of its lugs product line to include nVent ILSCO SureCrimp lugs and accessories, tailored specifically for the Rail industry. This enhancement allows nVent to offer a complete and UL-listed connection system – backed by a 10-year warranty when used with nVent ILSCO tools, connectors, and dies. With shorter lead times, and proven reliability, this refreshed offering delivers peace of mind and confidence to engineers and installers across North America.

## Key Features

- Reduced lead times
- 10-year warranty when used with nVent ILSCO tool, connector, and die
- Can be used with nVent and Burndy tools
- Proven nVent ILSCO reliability and quality
- Specialty cables thoroughly tested and passed, including theft-deterrent cables, DLO cables, and signal bond stranded cables

## DON'T MISS THE OPPORTUNITY

to streamline your electrical connection solutions with these newly available performance-driven products.
