ProLine Front-to-Back D-Ring Bracket

The Front-to-Back D-Ring Bracket manages cable routed between the front and back of a cabinet. It can be used with optional Universal D-Ring Brackets or Transition Brackets for increased flexibility in managing cables. The bracket mounts to any ProLine frame. It secures cable with D-Rings that snap open and closed for secure routing with easy access for wiring changes. The D-Rings can be oriented for vertical, front-to-back or side-to-side cable management. Please note this kit includes D-Rings and mounting hardware.

FEATURES

- The Front-to-Back D-Ring Bracket manages cable routed between the front and back of a cabinet
- It can be used with optional Universal D-Ring Brackets or Transition Brackets for increased flexibility in managing cables
