PRODUCT ATTRIBUTES

Mod Family: TA Mod Family

Conductor 1: Full Length Conductor

Conductor 1 Outer Diameter, Nominal: 12.7

Conductor 2: All Length Conductor

Conductor 2 Outer Diameter, Nominal: 6.53

Mod Style: Horizontal

Spit Crucible: No + +

Wear Pates: No

Mod Ony: No + +

Welding Material: 90 or 90PLUSF20, Sold Separately

Hardness: H160, Sold Separately

Mod Series: T403, Sold Separately

Price Key: C

Ease of Use: Preferred

ADDITIONAL PRODUCT DETAILS

For applications such as computer room, tunnel or other low-ventilation areas, specify a stainless (Vent ERICO Cadwe d Exo) model. Add an XL prefix to the standard model part number when ordering (for example, a TAC2Q2Q becomes XLTAC2Q2Q). Similarly, Vent (ERICO Cadwe d Exo) welding materials are designated by the XL prefix (for example, 150 becomes XL150).

A gap between conductors may be required. See model tag for more information.
