TEST REPORT FOR ERICO International Corporation Ltd 4788401624

General Information

Information conveyed by this Report applies only to the test sample(s) actually tested. Underwriters Laboratories Inc. (UL) did not select the sample(s), determine whether the sample(s) was representative of production sample(s), nor was UL provided with information relative to the formulation or identification of component materials used in the test sample(s).

UL has not established a factory Follow-Up Service Program to determine the conformance of subsequently produced products, nor has any provision been made to apply any registered mark of UL to such product(s). The issuance of this Report in no way implies any Listing, Classification or Recognition by UL and does not authorize use of UL's marks, or other reference to UL, on the product or system. UL's name and marks cannot be used in any packaging, advertising, promotion or marketing relating to the product and data in this Report, without UL's prior written permission.

UL's services are provided independently of UL's Conformity Assessment services such as preliminary product investigations, product certification, or field evaluation services. UL does not provide specific product design solutions, including prescriptive revisions to existing or prospective product designs. UL does not guarantee, warranty or provide an assurance (express or implied) that a positive test result, compliance report, or issuance of a UL certification mark will result from the testing performed or the information contained in this Report.

In no event shall UL be responsible to anyone for whatever use or non-use is made of the information contained in this Report and in no event shall UL, its employees, or its agents incur any obligation or liability for damages including, but not limited to, consequential damage arising out of or in connection with the use or inability to use the information contained in this Report.
